Homicide in Bartow County.

From a gentleman who reached this city this morning we learn that Dr. William McDaniel was killed near Pine Log, in Bartow county, on Wednesday, by a man named Johnson, his brother-in-law. McDaniel is reported to have had one of his children in his arms trying to pacify it, when Johnson said something about whipping it. Angry words ensued between them and Johnson left the room to get his pistol.

McDaniel, apprehending his purpose, got up and went to the bureau to get his pistol, and while trying to find it, was shot and instantly killed by Johnson. One shot took effect in his head, another in his breast, and another in his abdomen. Dr. McDaniel was a son of Hon. E. J. McDaniel, of Gwinnett county.

The Ku-Klux Dodge.

Yesterday F. W. Sharrock, W. P. Sharrock, R. H. Tatum, William Tatum, Webster Tatum, W. Stewart, John Morland, William Amos and Wesley Blevins, of Dade county, and D. C. Brooks, C. C. Parish, A. Little, F. Childers, J. Massey, J. Duncan, R. Burke, Bud Hawkins, John Childers, W. Hall, R. Haney and J. G. Haney, of Walker county, were arraigned before United States Commissioner Smith on the charge of Ku-Kluxism. The three Tatum's and Blevins gave bond for their appearance on next Tuesday. The others were committed to jail.

Most of the accused are young men. Brooks, who has turned States evidence, is reported to be a worthless vagabond from Chattanooga, who induced these boys to go into this thing. It is said that his reputation for veracity is not good.

The charge against the accused is for being disguised and whipping a negro man, in March, 1870, we believe.

On motion, the roll call was dispensed with.

The Journal was read and approved.

Mr. Candler moved to reconsider so much of the proceedings of yesterday as relates to the passage of a joint resolution providing for the appointment of a joint special committee to investigate various matters connected with the Penitentiary and the farming out of the convicts, on the ground that its object had been thoroughly accomplished by a legislative committee appinted in 18—, at great expense and trouble.

Mr. Irwin moved to lay the motion on the table. Lost.

The committee appointed to look into the amount of business before both Houses, reported a large amount of business before each body which ought to be acted upon during the present session, and recommended that the session be extended until Wednesday, 13th inst.

Mr. Brown opposed the adoption of the report. He believed that there would still remain a large amount of business whenever the Legislature might adjourn, and if any very important business shall not be attended to, it can be acted upon at the session in January. Further, that while it requires a two-thirds vote to prolong the session, adjournment thereafter depends merely upon a majority vote.

Mr. Wellborn offered a resolution that the session be extended until Wednesday 13th, inclusive, and not longer, except by a two-thirds vote.

Mr. Reese favored the adoption of the report, because not only expediency, but necessity as well as duty to the people demands action upon the appropriation bill, the tax bill and the perfecting of the public school system, which could all be acted upon by the time recommended in the report for adjournment.

The resolution of Mr. Wellborn, as an amendment to the report, was adopted.

The report of the committee was then adopted by yeas 27, nays 11.

Mr. Hinton offered a resolution that hereafter the Senate shall meet at 9 A. M. and adjourn at 1 P. M., and meet at 3 P. M. and adjourn at 5, unless otherwise ordered by a majority of the Senate. Adopted.

The Senate then adjourned.

NOTE—In addition to the injustice that would result to the people of Wayne county Mr. Nicholls, opposition to the bill to apportion the Representatives in the lower House of the General Assembly, and to change the Senatorial Districts of the State, was based on the fact, as he contended, that the bill was unconstitutional, said bill containing two distinct subjects matter.

HOUSE.

The House was called to order at 9 A. M. by the Speaker.

Prayer by Rev. Mr. Jones.

The Journal of yesterday was read and approved.

Mr. Pou moved to reconsider the loss of a bill to amend the charter of the Albany and Columbus Railroad Company.

A motion by Mr. Scott to strike out a section which compels non-resident persons selling by sample to pay a tax of one hundred dollars, excited considerable discussion.

On the motion to strike out, the yeas and nays were called with the following result: yeas 101, nays 44.

A lengthy and interesting correspondence between General Lewis, State School Commissioner, and Hon. Garnett McMillan, in reference to remarks made by Mr. McMillan relating to an alleged attempt on the part of General Lewis to have certain text books, obnoxious to our people, into our schools.

Mr. Pierce stated that he had prepared the resolution before Mr. McMillan's speech; that said speech had nothing to do with the introduction of the resolution; that he alone is responsible for it.

The Senate resolution providing for the extension of the session until Wednesday next was set down as the special order for three o'clock.

A resolution by Mr. Glover, requesting the Governor to order an election for Representative in Sumter county, to fill the vacancy caused by the death of Hon. Wright Brady, was adopted.

MEXICO.

MATAMORAS, December 8.—Saltillo and all the forts are in possession of the Rebels. The Insurgents are preparing to march on San Suies.

ENGLAND

LONDON, December 8.—The first bulletin says the Prince of Wales passed a very unquiet night, with a considerable increase of fever. The situation of France is grave. The Orleans Princes are pushing the things. Thiers assured the Princes that their presence in the Hall would arouse animosity for a moment. The Red Republican and legitimist journals would clamar that the Republic Menaced Princes, answered, would not act without further consideration.

5 P. M.—Exciting rumors are on Change announcing the death of the Prince of Wales, but the news is not authenticated and should be received with great caution.

The Queen is at the Prince of Wales' bed side.

The morning papers publish extras. Every issue increases the anxiety.

Thiers showed extreme anxiety to deter the Princes from taking their seats. The commission upon abrogation of exile said the emergency was serious, and should they abrogate exile the Princes would perhaps enter the hall. Thiers, under the circumstances, will probably present to the Assembly a proposition for a definitive republican government.

It is believed Duke D'Aumel can carry a majority of the Assembly.

ATTENTION, LADIES.—A dry goods firm in Philadelphia recently sued a man for the amount of a bill run up by his wife. Judge Thayer, in his charge to the jury, said: "It is a false and foolish notion for trades people to entertain that a husband is bound to pay all bills contracted by his wife. No such monstrous doctrine is allowed in the law. Tradesmen must ascertain the facts and true relations of man and wife before allowing the latter to run up bills which he is to be looked to to pay." Verdict for the stingy old husband.

WHAT A GOOD NEWSPAPER MAY DO. Show us an intelligent family of boys and girls, and we will show you where newspapers are plenty. Nobody who has been without these silent, private tutors, can know their educative power. How important, then, to secure those which tend only to good! Anything which makes home pleasant, cheerful and chatty, thins the haunts of vice, and the thousand and one avenues of temptation should be regarded, when we consider its influence on the minds of the young, as a great moral and social blessing.—*Long Islander.*

DAVIS, OF TEXAS.—Governor Bullock, of Georgia, lashed by the scorpion whip of remorse at his own high-handed measures, and to avoid a sure impeachment that awaited him on the assembling of the Legislature, resigned the office before that body convened. Davis will follow suit before the next Legislature of Texas meets, to avoid a similar fate. He will be impeached and convicted as certain as there is a God. He has committed crimes enough to doom a thousand Governors, and the fate of all bad men will be his.—*Belton (Texas) Journal.*

EXIT SCOTT.—Our special correspondent informs us that it is reported in Radical circles, at the State Capital, that Governor Scott is preparing to flee from his "beloved State." It will, indeed, be a happy day when South Carolina goes Scott-free! And, perhaps, his Excellency might have, in a week or two, as much difficulty in obtaining bondsmen as is experienced by the contrite Connolly. Just at this time Ohio may be a safer place than the Palmetto State, and the Continent, where Garvey lurks, would be better still.—*Charleston News.*

☞ A citizen of Georgia, just returned from Europe, informs the Augusta Constitutionalist that the Georgia six per cent. gold bonds, new, are hawked about the streets of London and Paris, and may be bought at from thirty to forty cents on the dollar.

LOCAL PAPERS.—An exchange aptly and truthfully says of the local papers: "They enhance the value of property; they call attention to locality; they benefit particularly merchants and real estate owners thrice the amount yearly they pay for their support. There is nothing that would do a town more harm than to be without its newspaper. You need not think the publisher of a newspaper can run it for your benefit, and pay the expenses out of his own pocket. Give your own paper a good advertising patronage and respectable list, and you may have such a paper as you wish."

☞ The American woman has long been regarded by Europeans as the most beautiful woman in the world. This she is and has been for the past twenty-five years, without doubt; and as the circumstances of her life become easier, her labor less severe, and her education better she will become more beautiful still. America never possessed a more beautiful generation than she possesses to-day, and there is no doubt that the style of beauty is changing to a noble type. The characteristic American woman of the present generation is larger than the characteristic American woman of the previous generation.

☞ Hon. Lyman Trumbull, Radical Senator from Illinois, in a recent speech, uttered these ominous sentences: "The whole land is sick of Radicalism. The people want peace and the reduction of taxes. They know the Ku-Klux to be myths, and they are not willing to continue the war six years after the cessation of hostilities. We must have peace, and the Radical party has signally failed to give it to us."

☞ A man in New Hampshire, who had bought a pair of pups of rare breed, and had given them in charge of a dog-fancier in a neighboring State, was astonished recently upon returning home, after an absence of a few days, to find his wife in hysterics, occasioned by the following telegram: "The little darlings are doing well, and are looking quite pretty. Please send their board money."

ATLANTA:

FRIDAY, DECEMBER 8, 1871.

A full report of the decisions of the Supreme Court is furnished to THE CONSTITUTION exclusively, by the Reporter of the Court.

☞ Members of the Legislature subscribing to THE CONSTITUTION, can have it sent to any point in the city by leaving directions at the Business office.

FOR GOVERNOR:

James M. Smith,

OF MUSCOGEE

ELECTION, 19TH OF DECEMBER.

Train.

That indelible donkey, George Francis Train, is forecasting a lecturing tour in the South. He has already done some of his spouting in Louisville, Kentucky. Let us hope that he will give us the go by.

The man is a sort of peripatetic gas bag, tinged with an undeniable lunacy.

He is a blasphemous wind bag, with a decided predominance of the fool in his composition.

Let us have none of Train.

The Difference.

The Radical session of 1870 had sixty-four clerks for ninety days at $9 per diem, making an aggregate of $51,740 for clerk hire.

The Democratic session of 1871 has seven clerks for forty days at $7 per diem, making an aggregate of $2,800 for clerk hire.

The difference between the Radical and Democratic systems of clerk hire is simply $48,940, or enough to pay the whole Democratic Legislature.

What it costs to run the clerical labor of one Radical session is ample to run that of nearly twenty Democratic sessions.

Andy Johnson.

A correspondent of the Cincinnati Commercial says that Andy Johnson holds his own well. He appears tough and hardy. Andy pitches into Grant on all occasions, and proposes that as Grant is using his office to make money, he state his figures and the people can shell out, and stop the little whiffit degrading the Presidential office.

The correspondent says:

"No less a person than the ex-Vice President of the Southern Confederacy told me, a little over a year ago, that but for Andrew Johnson the South would have gained her independence, and that his great Union speech in the Senate at the begining of the war was the most masterly effort ever delivered on earth."

Why?

Grant proposes to crucify South Carolina for disorders. In Indiana, Senator Morton's State, with a Radical Governor, the report of lawless disguised outrages surpasses anything discovered in Carolina. Judge Dunham, in Clark county, mentions in his charge to the grand jury touching the murder of the Park family, and the hanging by mobs in disguise of three negroes accused of the murder, that sixteen innocent men have been hung by mobs in the last four years in his judicial district.

Why don't Grant send a Ku-Klux committee to loyal Indiana with the Grand Inquisitor, Akerman, to spy out offenders and arrest them?

Verily, the gander should have a dose or two of the goose's sauce.

Cuba.

The cause of the insurgents in Cuba seems to be daily failing. Steadily the government troops have been encroaching upon the area of the rebellion. Leader after leader has been taken; stronghold after stronghold captured, until it seems that the work of victory is well nigh done.

The sympathies of our people are always in favor of a brave nationality struggling for independence. Hence, Cuba in her heroic efforts at freedom has had the cordial sanction of every true lover of republican government.

The day has simply been delayed. It may be long off. But sooner or later Cuba will be free.

The Spanish brutalities have awakened a world-wide indignation. These may hasten the day of Cuba's liberation.

The Office of Engineer and Superintendent of Public Works.

We are highly gratified to notice the action of the House upon the motion to strike out the section appropriating the salary for this office. That the office of Engineer is important and necessary, no one will doubt, who remembers the fact that we have some thirty-nine railroads to which the State has, by statute, granted aid. We fully agree with the majority of the House, and with the gentlemen who so ably advocated the section. Georgia, with her vast undeveloped resources, with her efforts to gather the trade of the West, with her rivers that might be made navigable, with proper care, and her vast system of internal improvement, certainly needs some one to look after these interests, and we hazard nothing in saying that we could not do better than to leave them in the hands in which they now are. No one could read the last annual report of the State Engineer, submitted to the present Legislature, without being struck with the plain and forcible manner in which he has pointed out the feasibility of centering in Georgia the whole trade of all that vast region of which St. Louis is the commercial centre.

This report has elicited a vast amount of attention, and has received the unqualified indorsement, not only of the press of this State but of the whole country; it has attracted attention to Georgia from every portion of the Union, and the kind of attention which we most desire—the attention of thinking, practical, business men. With the present State Engineer originated the plan of uniting the Mississippi with the Atlantic by canal through Georgia. This plan has been laid before the government at Washington, and a survey ordered which has already progressed sufficiently far to demonstrate the fact of its entire feasibility, and that Georgia offers to the commercial world the shortest, best and only uninterrupted outlet for the trade of the West.

If this work is ever completed it will be due to the efforts of our present State Engineer, and we should give him all the aid and assistance in our power. This officer received his appointment originally from Governor Jenkins, and we think that results have shown the correctness of Governor Jenkins' selection.

Preservation of State Credit

Public sentiment at this time cries out for a thorough investigation into the condition of the State finances.

One late Rufus has resigned and fled from the State, under the plea of fear. Kimball, who was largely engaged in railroad building suspended about the same time. Indorsed railroad bonds to a large extent are known to have been prematurely and illegally issued. Other matters implying not only inexcusable carelessness but grave criminality on the part of the late Executive have been developed. The greatest fears and suspicions are on the minds of all the people.

What shall be done under these circumstances.

If in place of the State the sufferer should be an individual, the first thing would be to learn the extent of the damage. The second to discover if the damage can be possibly repaired. The third to bring the causes of the loss to account and judgment. The fourth to make most prudent arrangements to repair the losses; while the fifth would be to learn through the lesson how to avoid like disasters in the future.

In an excitement of this kind, when the public sentiment is wild under the feeling of betrayal of trust, there is great danger in the heat of the excitement of there being done many things that the future might wish undone—danger that there may be legislation under pressure of public opinion to punish the wrong and provide against a repetition of it—that may injure the State.

We gave a bill yesterday that has passed both houses to protect the State credit. The author of this bill was not Colonel Simmons, of Gwinnett, but Colonel Thomas P. Simmons, the able Senator from the Bibb District, and the efficient Chairman of the Senate Finance Committee.

This bill requires all bonds issued since July, 1868, by the State, to be returned to Georgia for examination, suspending interest till this Commission of Examination can report.

This bill, as we learn from its author, does not contemplate, as some suppose, a permanent suspension of interest for the time of the investigation, but only a temporary suspension to speed in the bonds. And as soon as a bond is declared legal the interest becomes due. It would perhaps be well for the Legislature to pass a declaratory resolution in explanation of this.

There is no purpose to repudiate legal bonds or legal interest. The idea is to enforce the law, whether it be for or against the State.

It is possible the State holds legal bonds in hypothecation in Wall street at larger margins, so that the effect of any improper action upon the securities so hypothecated would decline them to the loss of the State.

We suggest that our legislators make an imperative demand upon the acting Executive for his information about the condition of and whereabouts of the bonds of the State.

It is the duty of legislators, a duty to their constituents, the tax payers, in these times of doubts and suspicions and rumors, to be fully informed, and base final legislation on such full information.

We believe in the most thorough investigation. We believe in bringing every guilty one to the bar of justice. And we believe in sustaining the State credit. These things run together. Let them all be sought to be secured wisely and fully.

We again repeat that the law is the solution of this whole complication. And when we have found out what we owe, let us issue a new set of securities and exchange them for the good bonds out, and we shall have a credit shining and substantial.

Relief to the People.

Editors Constitution: I know no kind of relief that can be more acceptable to the people of Georgia, just at this time, than the assistance which the State may afford in the education of their children. Many are impoverished and absolutely need help, else the great work of instruction must stand still. It does not require much reflection to see the results of negligence in relation to this matter on the part of our legislators. Ignorance is to be deplored. "Knowledge is power" now as ever. Therefore, let the coming generation be enlightened.

That great work, the State Road, belongs to the people. All the revenues of the State belong to the people. Then why deny them the proceeds of their own property to be used in educating the children? If this is done nothing will be gained by the State; if assistance is granted nothing will be lost. Say the sum of two millions of dollars per annum has been spent hitherto in education. If the State refuses aid, this sum is spent anyhow by the people. If the State assists, the people have to pay less to the amount of that assistance. But as there is efficiency in union and combination, far more in the way of education can be accomplished by a system of public schools with the same expenditure, than can be done by private schools. This has been amply demonstrated wherever public schools have been inaugurated.

Public schools mean the extension of education to the poor who are not able to educate themselves, and this is accomplished without additional expense. There are many now in Georgia not absolutely poor, but too poor to educate their children. This forms a large class, and they need relief.

The State University is endowed. This is right. But this is bounding to the top of Parnassus at one leap; this is beginning to build a house on the roof and working downward. Universities are fed from primary schools. We ascend by beginning at the base, and the better our primary schools, the greater the success and loftier the ascent. Neglect none. Very respectfully,

TEHCAER.

"Money Crash in 1872."—No. 1.

Editors Constitution: In your issue of the 21st of November, I find the following: "Mr. Cardoza, an old financial writer, tells the Savannah Republican there will probably be a monetary derangement in 1872, caused by the transfer of millions of gold in the chief money markets of Europe, from its usual repositories to new applications. The opinion is based on the fact that the large capitalists of Europe decline the offer of Prussia to take the super-flux of gold coming from the French indemnity at 3 per cent. per annum."

"Cardoza gives some examples of the effect of a plethora of money in the disturbance of monetary relations."

"A striking illustration occurred in the United States in 1836-'37. The States were large borrowers in England, the rate of interest being low, for railroad and banking purposes. The real exchanges fell in consequence of the large credits opened in England below the freight and insurance of specie to the United States. There was consequently a large inflow of gold, and the banks in the United States being well replenished, discounts were extended, and a spirit of speculation engendered and that led to almost general bankruptcy."

COMMENT.

I am glad to see that the impending monetary crisis has become the subject of discussion by "financial writers," and although I differ with Mr. Cardoza as to the cause of the crash of 1836-37, I agree with him in the necessity of careful investigation and a radical reform of our monetary system. Before 1834 any American merchant who could obtain the endorsement of Widdie, Wiggins or Wilsons, three American mercantile firms in London, connected with the American trade, could purchase British goods at six and twelve months, and, as our tariff was then regulated, he could, upon his custom house bonds, have time to sell the goods and obtain funds to pay the duties. He was thus enabled to convert his credit into capital in the shape of British goods; and by the sale of the goods he was enabled to purchase American produce, chiefly American cotton, which being remitted to Liverpool to the credit of his endorser, provided the means of payment.

By the 16th article of the treaty of Eutrecht, England confirmed the contract made by the English Guinea Company with the King of Spain, by which that company agreed to give to Spain 200,000 crowns, and to the Kings of Spain and England each one quarter part of the profits on their trade for the privilege of supplying the Spanish colonies with African slaves. This was in 1713. It is well known that, regardless of the remonstrance of Virginia, England compelled her colonies to receive slaves imported in British ships. Why did England afterwards give to Spain two million of dollars to induce Spain to unite with her in abolishing the slave trade? Wilberforce, in his speech in the House of Commons gave the answer. He said:

"I cannot but think that the grant to Spain will be more than repaid in commercial advantages by the opening of a great continent to British industry—an object which would be entirely defeated if the slave trade was to be carried on by the Spanish nation. Our commercial connection with Africa will much more than repay us for any pecuniary sacrifice of this kind."

And we find in Buchanan's Christian researches in India, edited by the Rev. W. H. Foy, B. A., the following remarks in reference to the British trade with India:

"The philanthropist who burns with just indignation at the enormities of the slave trade may find in the advocacy of the growth of cotton and sugar in India a most effectual and practical medium for the abolition with safety of this horrid traffic. The palm, the palmyra, and the date tree—indigo, rice, silb, spices and gums—fields of copper, lead, iron, coral, ivory, pearls, diamonds, and other precious stones, and gold also—conspire to invite the capital and energy of England to a more scientific development of the resources of the country and the coasts of India.

Acting upon the motives thus suggested, England, in 1833, emancipated her West India slaves, and having abolished the monopoly of the East India Company, levied a duty of twenty per cent. on India muslins brought to England, and of three per cent. upon British goods taken to India. The power loom and the spinning jenny had revolutionized her systems of industry and of commerce, and her purpose being to monopolise the market of her East India subjects and to substitute the cotton and tropical products of India for the products of the slave labor of America, the bank and money merchants of England organized a deliberate conspiracy against the existing system of American credit. The three W's, Wilde, Wiggins and Wilsons, became bankrupts. The American merchants were not permitted to purchase as heretofore upon credit. The three W's in London were substituted by the agents of British bankers in New York and in New Orleans and other Southern cities, who by bills upon New York and London monopolized the export cotton trade and the price of American cotton, which from 1790 to 1825 averaged more than 25 cents per pound, fell to less than an average of ten cents, and the aggregate depreciation in the market value of American cotton during the 25 years ending in 1860, as compared with the value heretofore, was more than $4,000,000,000. This caused the monetary crisis of 1836-7, and the consequent depreciation of the values of property and the bankruptcies to which Mr. Cardza refers.

The following, taken from Dr. Allen's History of India is an appropriate comment on the British policy in India:

"A late Governor General of India, in a communication to the Directors of the East India Company says:

"Some years ago the East India Company annually received of the produce of the looms of India to the amount of 6,000,000 to 8,000,000 pieces of cotton goods. The amount gradually fell and has now ceased altogether. English goods made by machinery has now superceded the produce of India. Cotton piece goods, for ages the staple manufacture of India, seem forever lost. And the present suffering to numerous classes in India is scarcely paralelled in the history of commerce."

I agree with Mr. Cardoza that we have cause to fear a "money crash," but not in 1872. It will be the inevitable sequence of our present financial and monetary system. Yet, in my next, I will suggest a system of measures and reform which will prevent the ruin and bankruptcy which threatens to overwhelm us. DUFF GREEN.

To the Public.

Editors Constitution: I have lived now over fifty-five years, and have never, until a few weeks past, deemed it necessary to come out in vindication of my own "good name," which was about all that was left me at the close of the war. I dislike such things very much, and would not come out again, but as this last most defamatory attack upon me has a "Sponsor" in the name of one, who had something to do, in the first instance, in giving circulation to the other slander that was "nailed to the counter" on the 8th ult. That the public may know something of the kind of warfare that is made upon me by this man, (who is a candidate for the responsible office of Comptroller General,) and his aiders and abetters, etc., and that it may visit its just indignation upon any and all such assailants, and know how to treat all such assaults upon me, *disagreeable* as it may be, I have, upon consultation with friends, deemed it best, to come out this one time more.

But to the matter at hand.

Two or three weeks ago, when it was supposed that the Legislature would make nominations for State House officers, a day or two before the caucus, to determine the matter, a "report" or "story" was put in circulation, to the effect that "in 1868, when I was a candidate for Comptroller General, I sent a Mr. William Quillian to George Wallace, the *negro* Senator from the 20th District, proposing that if he, Wallace, would vote for me for Comptroller General, I would furnish him with testimony to unseat Major Burns, the Senator from the 42d District." Never having *thought* of sending Mr. Quillian, or *any one else*, to George Wallace with *any proposition whatever*, I could not imagine how such a story was started. Moreover, such a proposition was so far below the conduct of a gentleman, I did not suppose that any one who ever knew or had ever *heard* of me, would believe it. But out of "abundant caution," while Major Burns was standing in the Kimball House, I went to him to inform him of this story, and to say to him, that "of course there was not a word of truth in it—that I never dreamed or heard of such a thing before."

Upon my doing this, he informed me that he had received a letter from Mr. Thompson Allan, the Comptroller's clerk, making the charge, and that Mr. A. said that he had or could procure the affidavit of Mr. Quillian to prove it.

Understanding that Mr. Quillian lived in Union county, I went to the brother-in-law of Mr. Quillian, the Hon. C. J. Wellborn, Senator from the Fortieth District, living in Union county, to ascertain if he knew anything of the matter. That gentleman informed as follows:

"Mr. Quillian came to my house on a visit four or five weeks before I left home, and in course of conversation mentioned the matter. I don't recollect whether he said Mr. Allan or who, but some one had written to him from this place (Atlanta) asking him about it, and Quillian replied that they could get no information from him; that he knew nothing about it, and that you had never said anything to him about such a thing." (This statement has been seen in writing by Mr. Wellborn, and is authorized by him.)

I then got Mr. Wellborn to go to Major Burns and Colonel Simmons (who informed me had seen the letter,) in the Senate and make a similar statement to them. I would then have publicly exposed this matter, lest it might again be revived at some future time, like the story of 1868, publicly denounced by me on the 8th ult, but I preferred, if I could, before the adjournment of the Legislature, also to present a letter from Mr. Quillian on the subject. With this view, upon Mr. Wellborn making his statement to Major Burns, I notified that gentleman that at some future time I expected to call for a copy of Mr. Allan's letter, which he promised to furnish.

I immediately wrote to Mr. Quillian by mail, but afterwards fearing I might not get a letter in time, I caused a special messenger to be sent to Union county with a letter to him. The messenger reported that he had "scoured the country for two and a half days, and could not find him." No one seemed to know where he lived.

Having already spent more money than I am really able to spend to find and get a letter from Mr. Quillian, and especially as his *voluntary* statement made *months ago* to Mr. Wellborn, effectually "nailed to the counter," this *unmitigated* falsehood; and as the members then talked of adjourning on the 5th instant, on Friday last, I sent a friend to Major Burns for a copy of Mr. Allan's letter to him, for the purpose of appending it to this statement, when Major Burns informed my friend that he "could not furnish a copy, for, that he had *destroyed* the letter, having *thrown it in the fire!*"

With this statement of facts, I will now dismiss this slander.

While thus disposing of the above, and the party or parties connected with it, against me—and as I never expect again to appear before the public to notice or refute any more such stories—I trust that I may be excused for going a little farther, at this time, and mentioning other vile and pitiful, as well as amusing, means resorted to to accomplish a certain purpose.

That there is a "ring" of a few persons, interested in different ways, in and about Atlanta, long since formed, with the determination to *defeat my election*, by "fair or foul" means, I don't think admits of any great deal of doubt—as witness:

It is *in evidence*, that months ago a letter or letters were written into the country, from Atlanta, for the purpose of getting up some story or stories to injure me, and to affect my election. My footsteps, it would seem, have been "dogged"—how long I know not. Shortly before the Legislature met I was followed on the railroad cars, and attempted to be "interviewed" by what I now believe to be a "sham" newspaper correspondent, and his witness, with the view, no doubt, to draw from me something "offensive" or "unpopular," to "report," etc. Since, I have been "caves-dropped," and an attempt made to get me into a personal encounter for a thing that I never said, (an attempt, it looks like, to "bully" or "frighten" me from properly exposing and denouncing what was to follow). Next after this, an old story that I traced to the Comptroller's brother, but no farther, in 1868, and which I thought was "done with," was revived and put in circulation. And as soon as I publicly denounced that falsehood, this last, more damaging one, if true, "hatched," as it appears, months ago, was placed in the hands of Senator Burns to be used when and as to *how* he pleased! This kind of warfare *upon* a gentlemen held in esteem by his fellow citizens, and a candidate for a responsible office, looks strange for Georgia, but it is all true!

In connection with this matter, I may as well mention another fact. Although all the other candidates were out for the different offices, and I had no other opposition, yet, when I came out on the 8th ultimo, in my own defense, and while doing so, showed, by way of "explanation" of a remark that I had made, that, from his official connection with the Radicals for between the last three and four years, and from the statements of Representative Kytle and Nash, the candidate of this "ring" was not worthy of receiving even one Democratic vote, and it became apparent that, under no circumstances, could he be elected, than a mutiplicity of candidates were talked of as "coming out" against me, etc.

It may be very reasonably asked, why are these very extraordinary means used to defeat or get rid of a gentleman who never had any "personal trouble" with any one of them before the attack above alluded to, who assails no one, unless first assailed, (excepting always public plunderers and thieves, and those, foreign or native born, in or out of office, who do injustice to his native State,) and who personally abuses no one, even when he has cause? I cannot tell for I do not know.

Is it because something may be "rotten" in some way connected with the Comptroller's office—that somebody's bond may be in danger if an *experienced*, and working, and fearless man, knowing well the mode and manner of conducting that office, especially if he goes in under the belief that a great deal of stealing from the State, in various ways, was done while Bullock was in office? I have frequently stated that I believed that much stealing was done in Bullock's time, and that if elected Comptroller, I shall look out all the time, and try to get some of this money back for the people! Is it for this, I have been thus pursued, and my character, private and political, is thus attempted to be destroyed?

And is it hoped that, in the event they cannot elect their candidate, (whoever he may be,) that they may help elect some good, honest, clever gentleman, who knows nothing about the office, its duties, and the ways of finding out wrong (if there be any, either in omission or otherwise) but who may perchance get some one or more of this ring to be his clerk or clerks and let them find out these things!!

I repeat, that I know nothing of the causes creating this very extraordinary opposition to one who, heretofore all have spoken well of. And, with the facts exhibited and the inquiries above, I leave the public to judge as to "WHAT'S THE MATTER."

Atlanta, Dec. 8, 1871.

North Georgia Conference.

SIXTH DAY'S PROCEEDINGS.

ATHENS, December 5, 1871.

Bishop Wightman in the chair.

The report on the support of the gospel was taken up again and discussed by Rev. W. F. Cook, Col. Nathan Bass, Alsey Moore, and Captain Rufus Smith. Bishop Wightman spoke with point and eloquence. It was ordered that the plan adopted for the support of the gospel be presented by the Presiding Elders at their first quarterly meeting, and the preachers at their first appointments.

The following persons were elected to fill vacancy in Sunday School Board: Rev. G. J. Pierce, President, to fill vacancy of Rev. A. Wright, resigned; Rev. W. A. Parks, 1st Vice President. Rev. G. H. Pattillo was added to the Board.

Rev. W. A. Parks, in behalf of the board, offered the following resolutions, which were adopted:

That the preachers be required to present at the next Conference, besides the usual Sunday School statistics, the number of Sunday Schools using our lesson system, the number of Sunday School periodicals taken, etc.

Also, a resolution requesting the Bishop to appoint Rev. W. F. Cook Sunday School Agent.

Rev. C. W. Key distributed the money for the superanuated preachers, widows and orphans of deceased ministers, paying about 85 per cent. on the claims.

The joint Board of Finance was appointed for 1872.

The committee of investigation in the case of Rev. R. H. Jones reported that no charges should be preferred against him.

Rev. J. P. Duncan was granted a supernumerary relation because of feeble health.

Rev. C. A. Evans read the report on education, recommending the denominational colleges—Wesleyan Female, LaGrange Female, Emory, also, Lucy Cobb Institute.

George N. Lester read a memoir on the death of Benjamin L. Harper, who died here so suddenly of heart disease. This was the first memoir of a lay member ever read in the Conference. About the last act of Mr. Harper's life was to make a contribution to the missionary cause. Tributes to his memory were made by Rev. C. Tressell, Bishop Wightman, B. J. Johnson and G. N. Lester. The last word he was heard to say was "My Jesus."

G. N. Lester offered a resolution accepting the resignation of Rev. H. J. Adams on Board of Trustees of the Orphans' Home, and appointing Rev. W. F. Cook to fill the vacancy.

The Committee on Church Buildings presented their report, showing the number of churches, cited and not cited, number with and without stoves.

Robert Hester, Esq., presented a paper relative to building a granite church in Elberton, Ga., in memory of Bishop J. O. Andrew. It was agreed that this monumental church should be completed, and also that there would be a monument erected at Oxford, Ga.

The legal or incorporate Conference held a short session, Rev. G. J. Pearce, President, in the chair.

After much discussion it was resolved to make a title of LaGrange Female College to Rev. M. Calaway upon certain conditions. One of the conditions was that the buildings should be completed in two years; also, that the college be continued as a Methodist Female College.

On Motion G. N. Lester was appointed to have the charter of the Legal Conference amended so that lay members of the Ecclesiastical Conference shall be members of the Legal Conference.

The Ecclesiastical Conference resumed its session, and went into the election of the place for holding the next annual conference. Griffin, Atlanta, Washington and West Point were in nomination.

Atlanta received a large majority, and the next conference will be held in Atlanta in December.

Anouncements were made and conference adjourned until 3 P. M.

AFTERNOON SESSION.

Rev. J. Boring in the chair.

The special committee reported that the matter of memorializing the General Assembly of Georgia to establish an asylum for inebriates is not a proper subject for conference action.

Rev. F. G. Hughs, Statistical Secretary, read the Conference statistics for 1871, for the North Georgia Conference:

White members, 44,274; increase, 2,144; local preachers, 419; increase, 24; infants baptized, 1,114; increase, 68; adults baptized, 3,028; increase, 499; Sunday Schools, 470; increase, 18; Sunday School pupils, 24,6 2; increase, 1,897; Sunday School pupils converted, 1,789; increase, 305; church periodicals taken, 11,59; increase, 3,691; churches, 582; increase, 25; value of churches, $532,410 00; increase, $127,965 00; number of parsonages, 45; increase, 3; the amount raised for building and repairing churches, $95,358 37; increase, $52,404 21; paid to pastors, $69,791 02; increase, $3,586 74; paid to Presiding Elders, $9,945 76; increase, $1,402 17; to Bishops, $1,533 75; increase, $174 75; Conference collection for worn out preachers, widows and orphans, $5,788 49; increase, $864 03; for sunday school cause, $1,769 79.

This is certainly a most encouraging statistical report.

The Chair permitted the new enterprise, which is independent of Conference business, presented by Rev. W. A. Parks and Rev. G. H. Pattillo. It is the "Widows and and Orphan's Association."

It provides that if any member of the Association, who is also a member of the Conference, shall die, each member of the Association shall pay to the widow and orphans of the deceased, through the Treasurer, three dollars and ten cents. The Association is to be composed of one thousand persons, more or less. Any person may become a member of the Association, but none but widows and orphans of deceased preachers are to be entitled to the benefits.

The officers of the Association are, President, Rev. C. A. Evans, Atlanta, Ga.; Vice President, George N. Lester, Esq., Marietta, Ga.; Secretary, Rev. G. H. Pattillo, Atlanta, Ga.; Treasurer, Rev. D. D. Cox, Atlanta, Ga.; General Agent, Rev. W. A. Parks, Atlanta, Ga.; Board of Directors, Rev. W. A. Rogers, Rev. J. M. Dickey, T. N. Harris, Rev. W. P. Harrison, Rev. J. E. Godfrey.

No other business being before the Conference, it adjourned until 7 o'clock P. M.

NIGHT SESSION.

Church densely crowded. Before the Conference convened the Educational Society held a short session. By ballot the society elected J. W. Roberts, a member of Payne's Chapel, Atlanta, a beneficiary of the educational fund. He goes to Emory, tuition and board paid by the society.

The Bishop took the chair. Conference session opened.

Rev. A. Wright, chairman of the committee to investigate charges against Rev. James L. Pierce, reported that they had given the whole matter a thorough investigation, and find Rev. J. L. Pierce not guilty.

Rev. A. Wright resigned as Chairman of the Fourth Years Examining Committee. Rev. M. Calaway was elected to fill the vacancy.

Rev. A. Wright resigned as Chairman on Education. Rev. J. Lewis, Jr., was elected to fill the vacancy.

Rev. A. M. Thigpen read the memoir on the death of Rev. John Wesley Turner.

Rev. W. P. Rivers read the memoir on the death of Rev. A. G. Carpenter.

Resolutions were adopted providing for the publishing of the minutes.

By G. N. Lester:

Resolutions of thanks for the very great hospitality of the people of Athens.

Adopted with rising vote.

Also, for use of the pulpits of the Presbyterian and Baptist Churches.

Bishop Wightman then spoke to the Conference in a most touching and eloquent manner relative to the appointments he was about to read. The wants of every circuit, mission and station, and the case of every preacher and his family, had been most carefully and prayerfully considered by him and his advisers.

Some would get hard appointments, but none would not go where there would not be souls to save. Every church in the Conference would have a preacher, and every preacher a place.

The appointments were read, and Conference adjourned. W. A. PARKS.

Veto Message.

EXECUTIVE DEPARTMENT,
ALTANTA, GA., Dec. 7, 1871.

To the House of Representatives:

I herewith return, without my approval, "an act to alter and amend section 178 of Irwin's Revised Code."

By reference to the second section of this act, it will be seen that it is enacted that it shall be the law, not from and after the date of its passage, but from the beginning of the present session of the General Assembly thus it is made to operate as law before the bill was introduced, or your honorable body organized, or was competent to receive a bill.

If it is competent for the General Assembly to repeal or amend a section of the Code and give effect to the repealing or amending law thirty days before its passage, it is only by the exercise of a power not conferred or contemplated by the Constitution, and one dangerous to the rights and liberties of the people.

The fact that this act will effect injuriously by its retroactive operation only members of the General Assembly, does not give the majority of your honorable body the right to divest, against their will, a minority, however small, of rights vested in them by law; nor does it make the act itself less obnoxious to the great principle of law, "that vested rights shall not be divested without the consent of the party injured.

I decline to sanction the act, not only because of its retroactive operation, but also for the reason that it is evasive of the popular will. The enormous burdens which have been imposed upon the people by reason of the exorbitant per diem and mileage fees exacted by the members of the General Assembly, since the year 1865, have become so onerous, that the tax payers, with one accord, clamor for relief. The people demand, and they have a right to expect, that a very material reduction in the per diem and mileage fees of members of the General Assembly will be made. The act which has been presented for my signature, and which reduces the per diem fee but the paltry sum of two dollars, leaving the mileage as it was before, does not comply with that demand, or fulfill that expectation.

When the people speak so clearly as they have upon this matter, their voice should be heard and their will respected.

BENJAMIN CONLEY, Governor.

GEORGIA LEGISLATURE.

SENATE—AFTERNOON SESSION.

THURSDAY, December 7, 1871.

The Senate met at 3 P. M., President Trammel in the chair.

The consideration of the bill to apportion representatives in the General Assembly was resumed.

Mr. Nicholls opposed the bill on the ground that the county of Wayne, which has no representation in the House, would be materially injured by its passage and moved to strike out so much as relates to changing Senatorial districts.

The motion prevailed and the bill passed.

A number of bills were read the second time.

Mr. Erwin offered a resolution that a joint committee be appointed to look into the amount of business on the desk of the Secretary and Clerk, and report whether or not the public good would be promoted by prolonging the session beyond the Constitutional limit. Adopted.

A House resolution requesting the Public School Commissioner to resign his position, was taken up.

Mr. Brown favored the passage of the resolution. The School Commissioner is a stranger to the people, and unacquainted with their wants—and his report shows that the school board has been managed to but little advantage.

Senator Anderson asked if the salary of the School Commissioner would cease on his resignation. He thought the resolution useless, for even if the Commissioner should consent to resign the position he would never resign the salary.

Senator Campbell opposed the adoption of the resolution merely because the Commissioner is a stranger.

Mr. Smith thought the most prudent and proper course would be to appoint a committee to investigate the matter before taking action.

Mr. Nunnnally said he was in his place when the nomination of the School Commissioner was sent in for confirmation, and he did all he could to prevent it, but now he holds the office legally, and he is strongly opposed to asking him to resign merely because, as the resolution recites, he is a stranger.

Mr. Hinton spoke in favor of the resolution.

Mr. Brown said the resolution does not propose to request the resignation of the Commissioner because he is a stranger, but because the people have not confidence in him, and without that confidence, the best system of public instruction, however perfect, could not succeed, and that further reason is adduced from his report.

Mr. Burns called the previous question.

The resolution was concurred in by, yeas 23, nays 13.

A resolution authorizing the Governor to furnish each Judge of the Supreme and Superior Courts with a pamphlet of the Public Laws of the General Assembly, to be published by R. J. Mc amy, Esq. Referred to the Finance Committee.

On motion, the Senate adjourned.

HOUSE—AFTERNOON SESSION.

The House met at 3 P. M., and resumed the consideration of the Appropriation act.

Mr. Pou moved to amend the bill by giving the Secretary of the Senate, Clerk of the House and journalizing clerks each $750. Adopted.

Mr. Hunter moved to amend by adding $300 to pay the Sheriff of Brooks county for special services. Adopted.

The bill as amended was then passed.

Leave of absence was granted to Messrs. Bush and Cox for the balance of the session.

A joint resolution of the Senate providing for the appointment of a joint committee to examine the business before the Legislature with a view to prolonging the session, was adopted.

Bill to alter and amend the charter of the Georgia Military Institute. Passed.

A number of Senate bills were read the first time.

Senate resolution, asking information from the Governor, in regard to the amount due by the State for printing, etc., was adopted.

A substitute for the Senate bill to authorize the town of Forsyth to issue bonds to purchase stock in the Monroe Female College and Hilliard Male Institute. Passed.

On motion of Mr. Russell, a bill to create a Recorder's Court for Savannah, was taken up and read the second time.

Mr. Rawls moved to take up a resolution providing for the purchase of a number of copies of the laws passed at this session to be prepared by D. P. Hill, Esq. This motion prevailed.

Mr. Bacon said that it would be an unnecessary expense He said that it will be the duty of the public printer to publish the laws, and the public laws could first be published by that printer, and as soon as anybody else could do it. This method would not cost the State anything scarcely.

On motion the whole matter was laid on the table.

The House then adjourned until 7 P. M.

NIGHT SESSION.

House met at 7 P. M.

A resolution by Mr. Cumming providing for the appointment of Messrs. W. H. Hull, R. H. Clark and J. T. Nesbitt, a Committee to examine the digests and judices of the last ten volumes of Georgia Reports, and to report during next session upon the merits of the several works, was adopted.

The bill to incorporate the Savannah and Thunderbolt Railroad Company, was read third time.

Mr. Simmons of Gwinnett, moved to amend the bill by allowing the road to be run through Abercorn street.

Messrs. Heidt and McWhorter opposed the amendment.

Messrs. Bacon, Simmons of Gwinnett and Pierce urged the motion to adopt the amendment.

The amendment was adopted and the bill was passed.

Bill to incorporate the Chattahoochee Manufacturing Company. Passed.

Bill to amend the charter of the Albany and Columbus Railroad Company was read the third time.

The idea of State aid was suggested and the fact that the bill proposed to revive the State aid which was originally imperfectly granted to the road.

Mr. Jackson opposed the bill.

Mr. Pou earnestly advocated the bill, urging that the road was defeated of State aid by a clerical error, and upon the general principal that equity considers that done which ought to be done.

The bill was lost.

Bill to incorporate the Georgia and Alabama Coal, Iron and Manufacturing Company. Passed.

Bill to change the time of holding Talbot Superior Court. Passed.

Bill to consolidate the offices of tax collector and sheriff in Jones county. Passed.

A resolution was offered asking the Government to guarantee Louisiana, Mississippi and Arkansas bonds to the amount of $25,000,000 for levee purposes, and amended so as to tax the counties benefitted.

J. A. Ansley offers for sale a fine farm on the Etowah river.

Hon. O. A. Lochrane will shortly open an office in this city for special practice.

Mrs. Agnes Turner has a host of new attractions at her store.

GOING RAPIDLY.—What? Those celebrated Metropolitan Hotel Receipts.

ICE.—See notice to the stockholders of the Atlanta Ice Manufacturing Company.

EXTENSIVE AUCTION SALE.—Mayson has an extensive sale of household furniture to-morrow morning. Look out for bargains.

FINE FARM FOR SALE.—J. A. Ansley has a farm of 448 acres on the Etowah river for sale. Provisions, implements, and stock of all kinds will also be sold.

FINE PICTURE.—Messrs. Redwine & Fox have at their store a fine picture. Looking centrally at it you see a handsome portrait of Jefferson Davis, from the right that of Robert E. Lee, and from the left General Joe. E. Johnston.

LARGE VOTE.—The vote polled in the municipal election here on Wednesday was, we believe the largest that has been polled here.

By typographical error the vote of W. L. Morris, of the Seventh Ward, was put at 2,691 when it was 2,491.

SENATORIAL DISTRICT COURT.—The 35th Senatorial District Court adjourned yesterday sine die. Judge Lawrence and District Attorney Irwin have discharged their duty well, and we part with them in their official capacity with regret.

CARPETS FOR THE LEGISLATURE.—S. S. Kendrick & Son invite members of the Legislature to call and take a Christmas offering home with them. An unusually brilliant assortment of carpets, curtains, Rugs, etc., has just been opened. For the present opposite the Capitol.

MECHANIC FIRE COMPANY No. 2.—The steamer of this company, which for the past three weeks has been undergoing repairs at the shop of Messrs Porter & Butler, was again placed in service on yesterday. At a trial made she threw 245 feet and 7 inches of water.

INDICTED.—We learn that the Grand Jury have indicted Hall for shooting Mr. Cushman, and John Mcmahon for shooting at policeman White, and that both are now in jail.

We learn that Mr. Cushman, though suffering very much from his wound, is doing as well as could be expected, and will doubtless recover.

THE DAILY HERALD.—We had a call last night from Gov. Bard, just before leaving for Chattanooga. He has about consummated his arrangements for publishing a daily morning paper at Chattanooga, to be called The Daily Herald. The first number will appear between the first and fifteenth of January next. Gov. Bard will be agent of the Associated Press at that point.

CITY HALL, 35TH SENATORIAL DISTRICT COURT ROOM.—This is to certify that Mr. Patrick Fitzgibbon, the courteous and attentive keeper of the City Hall, has, during the last twelve months in which the District Court has been in session, waited upon the said Court to the utmost satisfaction of its officers.

SAM'L LAWRENCE, Judge 35th Dist.
W. G. IRWIN, District Attorney.

ATLANTA AND AUGUSTA.—Nine hundred and seventy-nine votes were cast in the Augusta municipal election Wednesday. Three thousand one hundred and fifty-six were cast in Atlanta.

Hon. Charles Estes, in Augusta, had no opposition for Mayor, and received 979 votes; John H. James, with no opposition for mayor in Atlanta, received 3016.

REDWINE & FOX.—The Live Drug Store will maintain its great popularity, and is increasing its already large traffic. There is no occasion to go to New York for drugs and medicines, when freight and fare can be saved by purchasing here. Messrs. Redwine & Fox have a large stock of pure drugs and medicines and chemicals, and are selling goods at low figures for cash.

DIVINE WISDOM AND BENEFICENCE.—This is the title of the discourse delivered in the Hall of the House of Representatives on the 30th ult. (Thanksgiving) by Rev. David Wills, D.D., President of Oglethorpe College. The Legislature ordered one thousand copies of the discourse to be published. We have before us a copy of it, printed by THE CONSTITUTION Office—Public Printer—in handsome style.

WHAT CAN IT MEAN?—We are told that the bailiff who took the man Hall from the custody of the police Wednesday night, with orders from Judge Smith to carry him immediately to jail, allowed Hall to go all about the city in his company, and when urged by the police to take him to jail, refused to do so until a peremptory order had been procured from Judge Smith between twelve and one o'clock in the morning, when the police took him to jail. The matter ought to be looked in to.

FULTON SUPERIOR COURT.—Mr. Razor, charged with larceny after trust, was found not guilty.

George Chaffin, charged with trespass, was found not guilty.

A motion for new trial and arrest of judgment in the case of the State vs. T. D. Lynes, Notary Public, malpractice in office, was heard and overruled.

Judge Hopkins sentenced Mr. Lynes to removal from office and to pay a fine of $200 and costs. Notice was given that the case would be taken to the Supreme Court.

The civil docket was taken up yesterday evening.

PUBLIC SCHOOLS.—The Examining Committee of the Board of Education, consisting of Prof. B. Mallon, Superintendent of Public Schools, Col. L. P. Grant, Col. L. E. Bleckley, H. T. Phillips, M. C. Blanchard and W. A. Hemphill, closed their examination of applicants for positions as teachers yesterday. One new applicant appeared yesterday, making the number eighty-two. The examination was by written answers to questions. The committee will not render a decision in the matter until Saturday night.

LOVERS OF THE WEED.—Whitlock Smith, William Finney, Philip Tunstall, Allen Wilson and Pink Graves, (all colored,) were arraigned before Justice Smith yesterday charged with stealing four boxes of tobacco from G. W. Hall's tobacco factory, on last Saturday night. Tunstall was committed to jail on default of $300 bail. The others were discharged by order of the prosecuting attorneys.

Warren Lewis, (col.,) was committed to jail in default of $300 bail, on the charge of stealing three boxes of tobacco from Mr. Hall on the same occasion.

The case against James Armfield, (col.,) charged with stealing three boxes of tobacco from Mr. Hall, was dismissed by order of the prosecuting attorneys.

HAIGHT & CO.'S CIRCUS, MUSEUM AND MENAGERIE.—This Southern institution, since visiting us one year ago, has won a brilliant national reputation, and achieved a glorious pecuniary triumph. It has been largely augmented in in its arenic and zoological departments, and now ranks among the first exhibitions of this country and Europe. The papers all over the South teem with excellent praises of its merits, and the Eastern and Provincial press are unanimous in their lavish commendation.

The Waterville (Maine) Mail says: "The company gave the best satisfaction. They meet all their promises, showing a superior lot of horses, first class performers, and an entertainment more free from objectionable features than any seen here for years. This is saying a great deal for a performance after it is over."

The programme for this day of exhibition will be as follows: A grand balloon ascension will be made from the lot near the pavillion. Professor Reno will go up among the clouds, carried on his monster balloon "Tallulah." The process of inflation is new, hot air being substituted for the old plan of gas. All can see the method used by the discomfitted French to carry messages over the heads of the victorious Prussians. Harry Wambold, the celebrated rope walker, will promenade from the ground to the top of the center pole, on a single wire, and return. The names of the artists of the arena connected with this exhibition are so well known to the public that it is not necessary to more than refer to them. The company is large, well selected, and of excellent material. A thrilling scene is enacted with wild animals at each performance. Mlle Minnie Wells, who was so torn and mangled in the Bowery Theater last year, by the celebrated lion "Prince," assisted by Gustave Berg, will enter the den and feed these beasts of most ferocious nature. Everybody will go to see this great arena and zoological exhibition, and behold the balloon ascension, which takes place at 1 o'clock in the afternoon—and immediately afterwards the aerial pedestrianism of Mr. Wambold."—*Chattanooga Times.*

PERSONAL.—Rev. A. G. Haygood, D.D, will preach at Payne's Church Sunday morning next. The Doctor is a favorite in Atlanta and no doubt many of his old friends will avail themselves of this opportunity to hear him again.

We had the pleasure of meeting with our gallant friend Colonel R. J. Wilson, of Augusta, who was a delegate to the Democratic Convention. He was as gallant a soldier as ever drew a blade, and is one of the truest Democrats in the State.

It is whispered on the streets that Acting Governor Conley, *ad interim*, will appoint J. W. H. Underwood Chief Justice. Doubtful.

The friends of General Lafayette McLaws have announced him as a candidate for Comptroller General of the State.

THE DECATUR AGRICULTURAL CLUB.—The regular monthly meeting of this Club was held at the court house on Tuesday.

Although the weather was very cold, there were nearly thirty members of the Club present. The variety of articles on exhibition was not so large as at the last meeting, but quite enough to make the meeting very interesting.

Miss Nancy McKenzie, thirteen years old, took the first premium of $2 50 for the best pair of socks.

Miss Ida Durham the second premium.

Miss Minnie Clark and Miss Lizzie Collier also got a premium of $1 each for skill in knitting.

The cakes were all so good and sweet that the committee, consisting of J. W. Kirkpatrick and Rev. W. H. Strickland, after tasting them all away, were unable to decide which was the best, and gave a premium to each, with a special recommendation of Miss Virginia Powell's jelly cake.

The quilt exhibited by Miss Ophie Webster, only eight years of age, attracted much attention and carried away the prize.

Colonel R. A. Alston's Prince Albert Berkshire pigs, were unanimously awarded the first premium of $5 offered by Gen. Colquitt.

The Early Rose potatoes of second crop, exhibited by Mr. William Burnett, were extra fine, and took the special premium offered by Mr. Kirkpatrick. These potatoes were planted in September and manured with wood ashes and gas lime.

The canned fruits of Mrs. Webster were beautifully preserved.

The Society offered, for their next meeting in January—$2 50 for the best quilt; $1 50 for the second best quilt; $2 for the best specimen of county raised apples; $2 for best article of dried fruit; $1 for best home made hearth rug; $2 for best pair of home-made boots.

HEALTH! BEAUTY!!

Strong and Pure Rich Blood—Increase of Flesh and Weight—Clear Skin and Beautiful Complexion Secured to all.

Dr. Radway's
Sarsaparillian Resolvent

Has made the most astonishing Cures; so quick, so rapid are the changes the Body undergoes, under the influence of this Truly Wonderful Medicine, that

EVERY DAY AN INCREASE IN FLESH AND WEIGHT IS SEEN AND FELT.

THE GREAT BLOOD PURIFIER.

Every drop of the SARSAPARILLIAN RESOLVENT communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it repairs the wastes of the body with new and sound material. Scrofula, Syphilis, Consumption, Glandular disease, Ulcers in the throat, Mouth, Tumors, Nodes in the Glands and other parts of the system, Sore Eyes, Strumorous discharges from the Ears, and the worst forms of Skin diseases, Eruptions, Fevers, Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all weakening and painful discharges, Night Sweats, Loss of Sperm and all wastes of the life principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of these forms of disease its potent powers to cure them.

If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood—and this the SARSAPARILLIAN will and does secure—a cure is certain; for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and weight increasing.

Not only does the SARSAPARILLIAN RESOLVENT excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, and Skin diseases; but it is the only positive cure for

Kidney and Bladder Complaints

Urinary, and Womb diseases, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone-dust deposits, and where there is a pricking, burning sensation when passing water, and pain in the Small of the Back and along the Loins.

Price $1 Per Bottle.

CHEROKEE PILLS NO. 2.
For the Removal of Obstructions and the Insurance of Regularity in the Recurrence of Monthly Periods

THESE PILLS are an unfailing Female Regulator, intended for special cases; those obstinate ones where milder and cheaper medicines fail.

They are composed of the most active and powerful principles of plants, roots and berries, so highly concentrated that each pill contains more medical strength than a whole box or bottle of ordinary dollar medicine in the market. Although powerful, yet so mild and pleasant in their operation, that the most feeble can take them with perfect safety.

☞ They may be safely used at any age, and at any period, except during the First Three Months, during which the unfailing nature of their effects would infallibly prevent pregnancy.

☞ All letters seeking information or advice will be promptly, freely and discreetly answered.

☞ Each box contains about 100 pills, and wrapped in white paper printed in deep red letters, with full and explicit directions enclosed.

☞ Sent by mail, free of postage, on receipt of price, $5, per box.

☞ The Cherokee Pills No. 2 are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of this; those which they can purchase at a cheap price and make more money. As you value your health do not be deceived by such unprincipled Druggists, ask for these $5 pills, and take no other. If the Druggist will not buy them for you, enclose the money in a letter and we will send them to you by mail, free of postage, securely sealed from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms, and write post office, county, State and name of writer, and enclose postage stamp for reply.

SIMMONS' LIVER REGULATOR!

LIVER DISEASE and Indigestion prevail to a greater extent than probably any other malady, and relief is always anxiously sought after. If the Liver is Regulated in its action, health is almost invariably secured. Indigestion, or want of action in the Liver, causes Headache, Constipation, Jaundice, Pain in the Shoulders, Cough, Dizziness, Sour Stomach, bad taste in the mouth, bilious attacks, palpitation of the heart, depression of spirits, or the blues, and a hundred other symptoms. SIMMONS' LIVER REGULATOR is the best remedy that has ever been discovered for these ailments. It acts mildly, effectually, and being a simple vegetable compound, can do no injury in any quantities that it may be taken. It is harmless in every way; it has been used for forty years, and hundreds of the good and great from all parts of the country will vouch for its virtues, viz:

Hon. Alexander H. Stephens, of Georgia.
Bishop Pierce, of Georgia.
Jno. Gill Shorter, ex-Governor of Alabama.
Gen. John B. Gordon.
R. L. Mott, of Columbus, Ga.
are among the hundreds of whom we can refer to.

Mr. Thomas Smith, of Rocky Mount, was brutally murdered on Monday night.

H. Clay Armstrong, Esq., has been reelected Grand High Priest of the Grand Royal Arch Chapter of the State of Alabama.

The Board of Education has passed an act providing that the three sons of the late General Clanton be educated at the State University, free of all expense.

Rev. S. M. Bird, rector of St. Paul's Church, Selma, has declined a $4,000 salary and an elegant residence in Galveston, for the sake of remaining with his present charge with a less compensation.

There were 17,016 bales of cotton received at Mobile last week. Twenty deaths occured in the city during the week; and thirty-seven births were registed. The Radicals have put out no candidates for city officers of Mobile.—*Mobile Republican.*

Foreign Gossip.

A journal "is happy to state" that the new guillotine just used at Le Mans "works most comfortably."

General Trochu announces his retirement into private life, till the country demands his services—to defend Paris.

The war of 1870–'71 has created in France 18,000 orphans, not a fifth of whom have been provided for.

There is a newswoman on the boulevards who owns a dog that barks and paws the feet of customers in gratitude for their patronage.

An Englishman has set rather a new fashion to the Parisians. He advertises that he will be married at the English Church, to such a lady, at such an hour, the last day of the month, and that "Friends will please accept this notice" to attend.

There is a popular photograph in the shop windows of "Truth"—a nude female holding aloft a lamp. A gentleman has recognized the figure to be that of his wife. Separation is demanded; the lady asserts she gave no sittings to the artist, but he worked from her photograph, as taken by the Ladies' Photographic Company, in *purus naturalibus.*

Literary Items.

[CONDENSED FOR THE CONSTITUTION.]

New York City has twenty-seven dailies.

Bryant printed his first book of poems fifty years ago.

Four books, three dramas, one panorama and no end to photographs, owe their birth to the Chicago fire.

There are a half a dozen periodicals in the United States, which circulate 200,000 to 300,000 copies each issue.

Music publishers are surprised to find a very much increased demand for old ballads of every discription.

☞ "You have been preaching twenty years, and you have only got one man converted," said a taunting unbeliever to a minister, one day.

"Have I got one converted?" meekly inquired the preacher.

"Yes," said the fault-finder, "there is Mr. ——, who has really been converted under your labors."

"Well, then, here's twenty years more for another," said the patient toiler, and he girded himself anew for his work.

He who enters some parts of the gospel mission field needs the same spirit to sustain his efforts and endure his trials. One sinner eternally saved is worth a whole life of patient toil, and when God appoints our lot and our labor, we may safely trust him for results.

THE ACCIDENT TO BRIGNOLIA, THE TENOR.—Suit was instituted to recover damage for injuries sustained by Pasquale Brignolia, the tenor, while traveling on the Chicago and Great Eastern Railroad in May, 1867. The plaintiff, with the members of the Parepa-Brignolia troupe, under Strakosh, were traveling from Chicago to Cincinnati on the defendant's railroad, when near Logansport the car in which he was sitting was overturned; he was thrown on his side, and his collar bone was broken. He was unable to appear in opera that season. The case was tried before Judge Larremore, and the jury gave Brignolia $7,833 83. An appeal was taken and argued before the General Term some months ago. Yesterday they rendered their decision affirming the judgment of the court—opinions by Judges Robinson and J. F. Daley, the Chief Justice dissenting.—*New York Sun.*

WELL-INFORMED LADIES.—How much more intelligent and fascinating the majority of young ladies would be were they to give a little more attention to newspaper reading! We do not mean the flash papers of the day which are filled with matter which, if it does no harm, can certainly do no good, but to newspapers—those which make us familiar with present character and improvements of the age. It is well enough to know something of the world's history, but it is with the present we have mainly to deal, and we know of no more engaging trait in a lady's character than a fair acquaintance with passing events.

Every young lady should have an intelligent opinion on the moral, mental, political and religious subjects of the times, and the best, and indeed the way to find this, is to read good newspapers diligently.—*Republican.*

CRITICISING NEWSPAPERS.—It is a very easy matter to criticise a newspaper; but to publish a live one, so as to interest, amuse, and instruct the public, is no small undertaking. Those in this community who are so prone to find fault with every little item which does not suit their critical and exalted ideas, should buy type, ink, and paper, and publish an organ of their own. Let them try it for three months only, and if it don't give them some new ideas of the newspaper business, then we are no judge of human nature. The conceit would be taken out of such individuals so quickly that they would hardly know what was the matter with them, or whether they stood on their heads or feet.—*Exchange.*

☞ Almost every week witnesses a new industry or enterprise projected in Georgia. A bill is now before the Legislature incorporating the "Steam Road Wagon Company of Georgia." Of the ultimate success of this venture we have not the slightest misgivings as the men of the Empire State of the South are eminently practical. Unlike us, they do not indulge in railroad barbecues and other such comical demonstrations over the mere projects of enterprises.

In connection we would note that recently a steam wagon in Scotland accomplished a journey without parallel, viz: running from Ipswich to Edinburg by road, a distance of 450 miles, in 77 hours' traveling time.—*N. O. Picayune.*

☞ A curious fact is related of the Maine wood-choppers, who, in the winter months, while felling trees amid snow and ice, cannot wear close fitting boots, but very large sizes, that allow their feet to slip to and fro, thus causing friction and warmth. But from this they have their feet completely encrusted with corns. In the spring when they raft down their logs, they do not change their clothing or boots for weeks, until their arrival at the sawmills. All the while their feet have been saturated in water, and when the boots are removed, the corns fall off like nutshells from the kernel.—*New Orleans Price Current.*

TRY IT.

"Canst thou not minister to a mind diseased,
And with some sweet, oblivious antidote,
Cleanse the foul bosom of the perilous stuff
That weighs upon the heart?"

Certainly: Plantation Bitters will do it when nothing else will. Melancholy, depression, hypochondria, insanity, all spring, more or less, from a diseased stomach, and this Plantation Bitters is a sure cure for. There is no mistake about it; dyspepsia, headache, dullness, ague, and low spirits must yield to the health-giving and genial influence of the Plantation Bitters. If you are in doubt, make one trial and be convinced.

WINTER WISDOM.—Warm clothing alone will not protect the body against the consequences of the sudden depression of temperature which is concomitant of early winter. Flannel next the skin preserves the animal heat, but it does not impart animal vigor. That property is the special prerogative of Hostetter's Stomach Bitters, which is therefore a specific protection against a majority of the complaints which are most common at this season. For example, a course of the great vegetable invigorant, commenced now, will be almost sure to preclude chills and fever, bilious colic, disorders of the stomach, constipation, and many other complaints which are often the direct or indirect effect of an atmosphere surcharged with cold, unwholesome vapor. Moreover, the system toned and regulated by this means is much more likely to resist pulmonary disease than it would otherwise be; for the influence of searching medicine pervades all the organs, and every fibre and tissue of the frame. Persons whose vital powers are weak, especially invalid ladies and the aged, are earnestly recommended not to face the winter's rigor without having recourse to this safe and sufficient means of re-enforcing enfeebled nature. Much suffering may be escaped, much danger averted by following this counsel. Better late than never, is a good proverb, but it is better to be early than late.

A LADY writes: We never tire of Dr. Price's Cream Baking Powder, it is always the same, making our biscuits light, white, and enjoyable; while others, by continued use, give a disagreeble odor and sickly taste.

LOSS OF VITALITY.—There is not a case where there is a loss of vitality in which Dr. Price's Blood Enricher will not prove beneficial. Cases given up as past help, when sinking into hopeless decline, have recovered renewed life and energy by its use. In addition to its blood enriching properties, it is a true tonic, builds up and constructs, renders digestion more rapid and effectual, while it eliminates all impurities. Druggists have it for sale.

For Cleansing and Preserving the TEETH HARDENING THE GUMS

Imparting a delightfully refreshing taste and feeling to the mouth, removing all tartar and scurf from the teeth, completely arresting the progress of decay, and whitening such cavities in the teeth as have already become black by decay.

IMPURE BREATH.

AMONG all the disagreeable consequences that follow fast the decay of the teeth, an impure breath must be the most unpleasant and mortifying to its possessor, as it is the most inexcusable and offensive in society. How often its possessor experiences a distant coldness shown even from the best of friends, or perhaps the one most fondly cherished, from this source. You are ignorant of the cause yourself, the subject is so delicate—your most intimate friend will not mention it. Why not remove this one great barrier to your *health, beauty and happiness,* at once, by using that justly popular dentifrice, fragant Sozodont, the most convenient, pleasant and efficacious gem for the toilet the world has ever produced.

OFFICE OF THE GRAND MASTER,
November 24th, 1871.

To the Subordinate Lodges in the State of Georgia and to the members of the Order—GREETING:

WHEREAS, Our Order is an organization for the relief of the distressed; and whereas, there are at least one thousand Odd Fellows and their families in Chicago in absolute destitution, and nine-tenths of the remainder, are without resources and employment and unable to assist their brothers or support their own families during the coming winter; and, whereas, the Grand Lodge of Illinois has appointed a special committee for the purpose of securing aid for Odd Fellows rendered destitute by the appalling calamity that has befallen Chicago: Therefore, in order that the Lodges and Members of the Order within this jurisdiction, may have an opportunity of contributing in money, food or clothing, to the extent of their ability, to the relief of our Brothers in Chicago, I do hereby earnestly recommend prompt and liberal contributions for their relief from the Brotherhood, and suggest that each Lodge within this jurisdiction, appoint at an early date, a Committee with power and authority to receive and dispense contributions, and to adopt such other plans as, in their judgment, may best secure a liberal response to the appeal made upon us as Odd Fellows.

The Committee appointed by the Grand Lodge of the State of Illinois, are J. Ward Ellis, P. G. M. and G. R., Hon. John G. Rogers, P. G. M. and P. G. R., and E. B. Sherman, P. G., all of Chicago. All contributions will be forwarded to the address of J. Ward Ellis, or E. B. Sherman, No. 214 Sangamon Street, Chicago, until further notice.

CHAS. C. KIBBEE, Grand Master,
Grand Lodge State of Georgia, I. O. O. F.
Attest: JOHN G. DEITZ, Grand Secretary.

P. S.—Brothers may forward Supplies or Money for the above to the undersigned at Macon, Ga., all of which will be properly accounted for and forwarded, or send them direct to the Committee as above specified. Fraternally Yours,

JOHN G. DEITZ,
